The Kalevala is a 19th century work of poetry compiled by Elias Lönnrot from Finnish and Karelian oral folklore and mythology. It is regarded as the national epic poem of Finland and is one of the most significant works of Finnish literature.

In October we held our Best Hat Ever Boat Cruise on the Isle Royale Queen IV. We enjoyed lovely refreshments, awarded prizes, saw a glimmer of sunset and passed a large grain freighter (twice)! We raised \$1,480. Hats off to everyone who came aboard and contributed to the success of the event. We are especially grateful to the Kilpela family for their generosity.
